## JAP TRANSPORT SUNK BY RUSSIANS

SPECIAL TO THE DAILY DISPATCH.

St. Petersburg, April 28.—It is officially announced that Russian torpedo boats belonging to the Vladivostok squadron sank the Japanese military transport Kinshiu Maru, of four thousand tons, the night of April 26, with all on board, with the exception of seventeen officers and twenty soldiers and sixty-five of the crew and eighty-five coolies. Others who refused to surrender were sent to the bottom with the ship.

### JAP REVERSE ON THE YALU

CHARGE ON A RUSSIAN VILLAGE IN MANCHURIA AND ARE BEATEN BACK.

Paris, April 28.—The St. Petersburg correspondent of the Journal reports that a Russian submarine boat has sunk a Japanese transport which was conveying 600 men to Korea and that all the troops were lost.

Rumors are still current in St. Petersburg that Russian torpedo boats sank several Japanese transports outside Port Arthur with between 3,000 and 4,000 men. The rumors are not confirmed.

### JAPANESE REPULSED

MAKE AN INEFFECTUAL EFFORT TO CAPTURE A RUSSIAN POSITION IN MANCHURIA.

Liaoyang, April 28.—The Japanese troops which crossed the Yalu north of Tchongdjiou charged, during the night of April 26-27, the Russian position near Lizavona, a village on the Manchurian bank of the Yalu. They were repulsed, but their loss is not known.

Two gunboats steamed up the river to the support of the Japanese, when a Russian field battery at Amisan opened upon them, resulting in a duel which lasted for twenty minutes. The Russian fire was too hot and the gunboats were forced to turn and steam out of range.

The Japanese were facilitated in crossing by their occupation of the island of Samalinda.

### FOURTH JAPANESE ARMY.

Preparations Being Made for Its Mobilization if Necessary.

London, April 28.—It is announced from Shanghai that the third Japanese army now mobilizing will comprise the Fifth division from Hiroshima, the Tenth from Hsinjeu and the Eleventh from Zentsu. Preparations are on foot to mobilize a fourth army should it become necessary. The destination of these armies is a matter of considerable speculation here, though it is supposed that it may be the intention to use them against Vladivostok or Port Arthur.

No further light has been thrown on the operations on the Yalu and in the absence of official dispatches little attention is paid to Russian reports of Japanese reverses, which it is believed are spread with the motive of influencing the European money markets in favor of Russian financial operations.

No definite news has been received regarding the whereabouts of the Vladivostok squadron, but the indications are that it has regained the harbor.

### DEPLOYMENT FAR ADVANCED.

General Kuropatkin Has His Forces Well Placed.

Newchwang, April 28.—If official Russian advices from Mukden can be

relied upon General Kuropatkin's deployment is so far advanced that it covers the very lines the Japanese purpose to occupy. Should the Japanese succeed in driving the Russians north, the Muscovite line of defense will extend from Newchwang to Liaoyang and from Liaoyang to the Yalu river. The Russians generally profess confidence that the Japanese can make no headway by frontal attacks, while the Russians can cope with the west flanking operations the Japanese are likely to undertake.

When these operations begin, say the Muscovites, Kuropatkin's counter strokes will bring down the Japanese scheme of defense like a house of cards. The continued delay on the part of the enemy is a great surprise to the Russians.

### REPORTED BY ALEXIEFF.

Destruction of Japanese Merchantman at Gensan, Korea.

St. Petersburg, April 28.—The emperor has received a telegram from Viceroy Alexieff as follows:

"Rear Admiral Yezzen, who is at sea with cruisers and torpedo boats, dispatched the latter to Gensan, Korea. The torpedo boats blew up a Japanese merchantman in the roadstead. The crew was sent ashore. The torpedo boats returned the same day to the squadron."

### RAILWAY BLOWN UP.

Russian Line Is Not Very Badly Damaged.

London, April 28.—The Daily Telegraph's correspondent at Irkutsk, Siberia, under yesterday's date, says that the Japanese have blown up a portion of the railway at Kharlar, but that the resultant damage is insignificant.

### SITUATION ALONG THE YALU.

Japanese Army of One Hundred Thousand Men Now There.

St. Petersburg, April 28.—The Associated Press has obtained from the general staff the following statement of the situation along the Yalu river: "Before beginning the passage of the Yalu the Japanese evidently completed their concentration of the armies along the river, commanded by Generals Kuroki and Oku. Each army is composed of three divisions and three reserves brigades. The total force is 100,000. The Russians on the Manchurian bank of the river are inferior in strength.

"Having perfected the essential preparations, the Japanese, without waste of time, commenced the passage of the river, and the Russians realized that it would be impossible to prevent their crossing. The Japanese front extended from Wiju as far as Piek-tong, over eighty miles. We faced the possibility that they would cross at a score of places and all we could hope was to harass and impede the crossing, for every day gained enabled us to push our preparations and bring up more men.

"There are only two instances in history where an army was unable to cross a river—that of Napoleon at Aspern, and that of Prince Eugene of Savoy at Lech. Both failed because of floods. The Yalu proved no exception to the established rule.

"We know that the Japanese crossed at least at two points. Their first attempt to force a passage near Chansokow, about twenty miles above Wiju, near Siaopousikhe, on the Pousikhe, a tributary of the Yalu, was successful. This is important, because a road leads from Siaopousikhe northeast to Kwantien, which commands one of the roads to Mukden.

### Attempted to Cross Near Wiju.

"It is evident that the Japanese devoted most of their attempt to crossing near Wiju. The river here is divided into several channels by islands, the largest of which is Samalinda. Above and below Wiju the river was bridged at three points.

"Up the stream near Sindaigou, the Japanese were watched by a small detachment of Cossacks, but the enemy was practically unopposed. At Tatchew, lower down, our outposts directed a fire from a field piece so successfully that they destroyed the moorings and wrecked the pontoons. The enemy was thrown into disorder and suffered considerable loss. Still further down the stream the Japanese proceeded to make a third attempt at crossing.

"We do not think that the Japanese will attempt to land at Takushan or Tatsungkan, now that they have crossed the Yalu. The object of such landings has been to cause a diversion

so as to enable the Japanese to cross the river. Takushan is not a good strategic point. The road leading therefrom is bad and troops could only be supplied with great difficulty.

"With regard to future operations we cannot speak. The Russians will not show their hand at this stage, but will continually harass the enemy, choosing their own time for a battle."

A military expert, who is particularly impressed with the Japanese crossing near Siaopousikhe, said that the state of the road therefrom would enable the enemy not only to march upon Mukden, but to outflank the Russian position at Fenghuancheng and cut off any of General Renshoukamp's Cossacks, who may have gone to join the attack on Gensan.

### COMPLAINT AMENDED

HARRIMAN MAKES ANOTHER ATTEMPT TO PREVENT STOCK DISTRIBUTION.

Trenton, N. J., April 28.—An amended bill of complaint, making the Northern Pacific Railroad company a party defendant, was filed in the United States circuit court here during the day in the suit brought by E. H. Harriman, Winslow S. Pierce and others to restrain the proposed plan of distribution decided upon by the directors of the Northern Securities company in the carrying out of the decision of the United States supreme court, holding the Securities company to be an illegal combination.

Judge Kirkpatrick has made an order permitting the filing of the amended bill and fixing the first Monday in June for the Northern Pacific company to make answer thereto. The amended bill is ordered filed without prejudice to the proceedings already had or to the restraining order granted on April 20.

The restraining order already granted is continued.

The amended bill, besides making the Northern Pacific company a defendant, contains a new section which sets out that after the distribution provided for there will remain in the treasury of the Northern Securities company property in no way involved in the suit in the Minnesota district court of a value in excess of \$3,954,000, to which the capital stock of the Northern Securities company has been reduced. The old section reciting the passage by the board of directors of the Securities company of the distribution plan has, in the amended bill, the additional words that the company, by the acts of its directors, "determined to fully and unreservedly abandon and terminate said unlawful combination."

### Accused of Murder.

Binghamton, N. Y., April 28.—Mrs. Henrietta Dewitt was arrested Wednesday at Sidney, N. The mother is said to have killed her daughter to obtain \$2,000 insurance.

### Lenroot Renominated.

### RESULT OF A STAMPEDE.

Republicans of Indiana Nominate J. F. Hanly for Governor.

Indianapolis, April 28.—The Republican state convention nominated J. Frank Hanly of Lafayette for governor on the first ballot. The nomination was the result of a stampede precipitated by Madison county, which before a count was made by the tellers, changed its vote, which had been divided among the other candidates. W. L. Penfield of Auburn, W. L. Taylor of Indianapolis, and Warren G. Sayre of Wabash, and voted as a unit for Hanly. Other counties followed quickly with similar action and when it was evident that Hanly was the choice of the convention Mr. Sayre moved that the nomination of Mr. Hanly be made unanimous. After short speeches by the remaining gubernatorial candidates the motion was carried amid prolonged applause.

The resolutions endorsed Roosevelt for president and Albert J. Beveridge for re-election for United States senator, while the platform adopted favors changes in tariff schedules, as the conditions demand, with the reservation that the changes must be consistent with the policy of protection. One of the planks pledges the party to place private banks under state control.

### Iowa Man Attempts Suicide.

## PANAMA CANAL ZONE

CONFEREES ON THE BILL FOR ITS GOVERNMENT REACH AN AGREEMENT.

### VESTED IN CHIEF EXECUTIVE

COMPLETE JURISDICTION OVER CANAL ZONE IS GIVEN TO THE PRESIDENT.

Washington, April 28.—The conferees on the bill for the government of the Panama canal reached an agreement last night. The latter incorporates the provisions of the house bill with slight verbal amendments making the president's authority more specific and the first section of the senate bill which provides for taking possession of the canal strip and the payment of \$10,000,000 therefor to the government of Panama. The report will be presented to each house today and when adopted will remove every obstacle to the adjournment of congress.

The first section of the senate bill, which is adopted, authorizes the president, upon acquisition of the canal property and the payment of \$10,000,000 to the Republic of Panama, to take possession of and occupy on behalf of the United States a zone of land extending to the distance of five miles on each side of the center line of the canal route. The section provides for the reappropriation of the amount heretofore authorized to be paid to Colombia for the canal concession and was regarded as necessary to authorize payment to Panama.

### Describes the Canal Zone.

The section describes the canal zone as beginning in the Caribbean sea, three marine miles from the low water mark and extending to and across the Isthmus of Panama into the Pacific ocean to the distance of three marine miles from the mean low water mark and including all islands within said zone and in addition the group of islands in the bay of Panama named Perico, Maos, Culebra and Flamenco and from time to time any lands and waters outside of said zone, which may be necessary and convenient for the construction, maintenance, operation, sanitation and protection of the canal or of any auxiliary canals as provided by the treaty between the United States and the Republic of Panama. The section concludes as follows:

"The payment of the \$10,000,000 provided by Article 14 of said treaty, shall be made in lieu of the definite appropriation made in the third section of the act of Jan. 28, 1902, and is hereby appropriated for such purpose."

The house provision re-enacts until the expiration of the Fifty-eighth congress the resolution adopted in 1903 for the government of the Louisiana Purchase, making it applicable to canal zone. The provision gives the president complete jurisdiction over the canal zone.

### POSSESS DEEDS TO CANAL.

United States Representatives in Paris Receive Them.

Washington, April 28.—The attorney general has received cablegrams from Messrs. Day and Russell, who went to Paris as his representatives to conduct the closing negotiations for the Panama canal property, to the effect that the deeds of the property, archives and all other papers and documents which will belong to the United States under the transfer, have already been turned over to them and that the purchase price of \$10,000,000 has been advanced to the canal company by a Paris syndicate of bankers. This syndicate, it is understood, offered to pay over the money, with a view to expediting the consummation of the sale on the assurance of the attorney general that the draft of the syndicate on the United States for \$40,000,000 would be honored on presentation at the treasury at Washington.

At the time the money was paid over to the canal company in Paris, Major Mark Brooke of the engineer corps of the army, now in Colon, was authorized to formally receive the property on the Isthmus in the name of the United States. Whether this transfer has actually been made by the Republic of Panama the department of justice has not yet been advised, but it is assumed it will be made within a day or two.

### NOMINATION OF W. D. CRUM.

Senate Fails to Confirm It in Executive Session.

Washington, April 28.—The nomination of William D. Crum to be collector of the port of Charleston, S. C., was considered Wednesday in an executive session of the senate lasting from 4:25 p. m. to 9:19. A failure to confirm the appointment resulted. At the conclusion of arguments by Senators Gallinger, Spooner, Hale and Aldrich for confirmation, and Senators Daniel, Lattimer, Gorman and Clay against confirmation, Senator Cockrell suggested the senate proceed to legislative business and the suggestion was adopted.

The Crum nomination dies with the adjournment of the present session; but the action of the Democrats in taking a position which Republicans term "a filibuster," they agree will warrant the president in again making a recess appointment.

### DELEGATES GO UNINSTRUCTED.

But New Hampshire Democrats Favor Judge Parker.

Concord, N. H., April 28.—Aside from the unexpected introduction of personalities in debate by one or two delegates, the Democratic state convention held here Wednesday to choose four delegates at large to the national convention passed without interruption. The exchange of personalities began when Delegate Samuel R. Page of Haverhill questioned the purity of the politics of Delegate John T. Ames of Lancaster. Mr. Ames replied in kind and was promptly told that his statement was "a lie." Mr. Ames was quick with the declaration "you're another," but the affair ended there.

The platform adopted, which demanded "tariff revision, control of the trusts, and a halt in the march toward imperialism," left the question of presidential nominees to the "wisdom of the delegates" of the national convention.

It is understood that the delegates favor Judge Parker of New York.

### THREE FIREMEN KILLED.

Crushed to Death Beneath Falling Walls at New York.

New York, April 28.—Three lives were lost and property valued at \$200,000 was destroyed by fire at the John Stanley Soap works here Wednesday.

The dead, all of whom were firemen, are: Thomas Madigan, James Crean and Hugo Arigone.

Madigan and Crean were buried under tons of debris, when the walls of the building fell and it was many hours before their bodies were recovered. Arigone, who was caught in the same crash, was still alive when rescued, but died at a hospital several hours later.

Many other firemen called out by the three alarms had narrow escapes, the cause of the danger being the many explosions of chemicals used in the works. Besides the soap works the Dunbar and Campbell lumber yards were badly damaged.

## KNOX MAKES REPLY

TRANSMITS ANSWERS TO RESOLUTIONS OF INQUIRY FROM MR. WILLIAMS.

Washington, April 28.—Attorney General Knox Wednesday transmitted to the house replies to the two resolutions of inquiry introduced by Mr. Williams (Miss.) relative to trusts.

First, replying to the question as to whether any criminal prosecutions had been begun by him against persons involved in the decision of the supreme court of the United States in the Northern Securities case as guilty of violating the laws by entering into combinations in restraint of trade, the attorney general says:

"I have the honor to say that no criminal prosecutions have been instituted against the persons referred to in the resolutions, and that further than this I do not deem it compatible with the public interest to comply with the resolution."

The other resolution asks if any investigation ever was made by the department of the so-called anthracite coal trust, consisting of the anthracite coal carrying railroads.

### Began an Investigation.

In reply to this resolution the attorney general says the department of justice began an investigation during the great coal strike to ascertain if there was a coal trust and if it violated the Sherman act. This investigation soon discovered that a combine did exist, but its existence was so adroitly concealed that the establishment of its existence would depend upon the ability of the government to obtain evidence from witnesses under oath, which the department of justice had no power to do.

The attorney general then says he brought the matter to the attention of the interstate commerce commission and suggested that it act to the extent of its authority in the matter. About this time, he says, a complaint was made before the commission on the subject, and he then reviews the litigation ending in the decision of the federal supreme court in favor of the powers of the commission to compel the production of the testimony.

"I am informed," he concludes, "the commission is about to renew the hearings, which, when completed, will lay before the department of justice, in connection with other evidence it has gathered itself and has been furnished to it by sundry persons, all the available information in relation to the alleged combination."

"Further than this I do not deem it compatible with the public interest to comply with the resolution."

### One Killed and the Other Injured.

Paoli, Ind., April 28.—Walter Bradshaw of Hot Springs, Ark., was instantly killed and Joseph Murphy of Milwaukee was fatally injured Wednesday by falling from a swinging scaffold, while working on a railroad trestle near this city.

### TELEGRAPHIC BREVITIES.

R. D. Brought and an unknown child, injured in Sunday's tornado at Fairland, I. T., have since died.

John Kendrick Bangs and Miss Mary Blakney Gray were married Wednesday in New York city.

At Nevada, Mo., the Marmaton river is four feet higher than for over twenty years and thousands of acres of fertile land are inundated.

the largest of which is Samalinda.  
Above and below Wiju the river was  
bridged at three points.  
"Up the stream near Sindalgon, the  
Japanese were watched by a small de-  
tachment of Cossacks, but the enemy  
was practically unopposed. At Ta-  
teng, lower down, our outposts di-  
rected a fire from a field piece so suc-  
cessfully that they destroyed the  
moorings and wrecked the pontoons.  
The enemy was thrown into disorder  
and suffered considerable loss. Still  
further down the stream the Japanese  
proceeded to make a third attempt at  
crossing.  
"We do not think that the Japanese  
will attempt to land at Takushan or  
Tatungkan, now that they have  
crossed the Yalu. The object of such  
landings has been to cause a diversion

so as to enable the Japanese to cross  
the river. Takushan is not a good  
strategic point. The road leading  
therefrom is bad and troops could  
only be supplied with great difficulty.  
"With regard to future operations  
we cannot speak. The Russians will  
not show their hand at this stage, but  
will continually harass the enemy,  
choosing their own time for a battle."

A military expert, who is particu-  
larly impressed with the Japanese cross-  
ing near Siaopoussikhe, said that the  
state of the road therefrom would en-  
able the enemy not only to march up-  
on Mukden, but to outflank the Rus-  
sian position at Fenghuancheng and  
cut off any of General Rennenkampf's  
Cossacks, who may have gone to join  
the attack on Gensan.

### COMPLAINT AMENDED

HARRIMAN MAKES ANOTHER AT-  
TEMPT TO PREVENT STOCK  
DISTRIBUTION.

Trenton, N. J., April 28.—An amend-  
ed bill of complaint, making the North-  
ern Pacific Railroad company a party  
defendant, was filed in the United  
States circuit court here during the  
day in the suit brought by E. H. Harri-  
man, Winslow S. Pierce and others to  
restrain the proposed plan of distribu-  
tion decided upon by the directors of  
the Northern Securities company in  
the carrying out of the decision of the  
United States supreme court, holding  
the Securities company to be an illegal  
combination.

Judge Kirkpatrick has made an or-  
der permitting the filing of the amend-  
ed bill and fixing the first Monday in  
June for the Northern Pacific com-  
pany to make answer thereto. The  
amended bill is ordered filed without  
prejudice to the proceedings already  
had or to the restraining order granted  
on April 20.

The restraining order already grant-  
ed is continued.

The amended bill, besides making  
the Northern Pacific company a de-  
fendant, contains a new section which  
sets out that after the distribution pro-  
vided for there will remain in the  
treasury of the Northern Securities  
company property in the Minnesota dis-  
trict in the suit in the excess of \$3,954,000,  
court of a value in excess of \$3,954,000,  
to which the capital stock of the North-  
ern Securities company has been re-  
duced. The old section reciting the  
passage by the board of directors of  
the Securities company of the distribu-  
tion plan has, in the amended bill,  
the additional words that the company,  
by the acts of its directors, "deter-  
mined to fully and unreservedly aban-  
don and terminate said unlawful com-  
bination."

### Accused of Murder.

Binghamton, N. Y., April 28.—Mrs.  
Henrietta Dewitt was arrested  
Wednesday at Sidney, N. Y., charged  
with murder in the first degree, in  
causing the death of her seventeen-  
year-old daughter, Florence Mackin-  
tosh, by poisoning her with arsenic.  
The mother is said to have killed her  
daughter to obtain \$2,000 insurance.

and Andrew are both La Follette men.

### RESULT OF A STAMPEDE.

Republicans of Indiana Nominate J.  
F. Hanly for Governor.

Indianapolis, April 28.—The Republi-  
can state convention nominated J.  
Frank Hanly of Lafayette for governor  
on the first ballot. The nomination  
was the result of a stampede precipi-  
tated by Madison county, which before  
a count was made by the tellers,  
changed its vote, which had been di-  
vided among the other candidates, W.  
L. Penfield of Auburn, W. L. Taylor  
of Indianapolis, and Warren G. Sayre  
of Wabash, and voted as a unit for  
Hanly. Other counties followed quick-  
ly with similar action and when it was  
evident that Hanly was the choice of  
the convention Mr. Sayre moved that  
the nomination of Mr. Hanly be made  
unanimous. After short speeches by  
the remaining gubernatorial candi-  
dates the motion was carried amid  
prolonged applause.

The resolutions endorsed Roosevelt  
for president and Albert J. Beveridge  
for re-election for United States sena-  
tor, while the platform adopted favors  
changes in tariff schedules, as the con-  
ditions demand, with the reservation  
that the changes must be consistent  
with the policy of protection. One of  
the planks pledges the party to place  
private banks under state control.

### Iowa Man Attempts Suicide.

## PANAMA CANAL ZONE

CONFEREES ON THE BILL FOR  
ITS GOVERNMENT REACH  
AN AGREEMENT.

### VESTED IN CHIEF EXECUTIVE

COMPLETE JURISDICTION OVER  
CANAL ZONE IS GIVEN TO  
THE PRESIDENT.

Washington, April 28.—The con-  
ferees on the bill for the government  
of the Panama canal reached an agree-  
ment last night. The latter incorpo-  
rates the provisions of the house bill  
with slight verbal amendments mak-  
ing the president's authority more  
specific and the first section of the  
senate bill which provides for taking  
possession of the canal strip and the  
payment of \$10,000,000 therefor to  
the government of Panama. The re-  
port will be presented to each house  
today and when adopted will remove  
every obstacle to the adjournment of  
congress.

The first section of the senate bill,  
which is adopted, authorizes the presi-  
dent, upon acquisition of the canal  
property and the payment of \$10,000,  
000 to the Republic of Panama, to take  
possession of and occupy on behalf of  
the United States a zone of land ex-  
tending to the distance of five miles  
on each side of the center line of the  
canal route. The section provides for  
the reappropriation of the amount  
heretofore authorized to be paid to Co-  
lombia for the canal concession and  
was regarded as necessary to au-  
thorize payment to Panama.

### Describes the Canal Zone.

The section describes the canal zone  
as beginning in the Caribbean sea,  
three marine miles from the low water  
mark and extending to and across the  
Isthmus of Panama into the Pacific  
ocean to the distance of three marine  
miles from the mean low water mark  
and including all islands within said  
zone and in addition the group of is-  
lands in the bay of Panama named  
Perico, Maos, Culebra and Flamenco  
and from time to time any lands and  
waters outside of said zone, which  
may be necessary and convenient for  
the construction, maintenance, opera-  
tion, sanitation and protection of the  
canal or of any auxiliary canals as  
provided by the treaty between the  
United States and the Republic of  
Panama. The section concludes as  
follows:

"The payment of the \$10,000,000  
provided by Article 14 of said treaty,  
shall be made in lieu of the definite  
appropriation made in the third sec-  
tion of the act of Jan. 28, 1902, and is  
hereby appropriated for such purpose."

The house provision re-enacts until  
the expiration of the Fifty-eighth con-  
gress the resolution adopted in 1893  
for the government of the Louisiana  
Purchase, making it applicable to canal  
zone. The provision gives the presi-  
dent complete jurisdiction over the  
canal zone.

### POSSESS DEEDS TO CANAL.

United States Representatives in Paris  
Receive Them.

Washington, April 28.—The attorney  
general has received cablegrams from  
Messrs. Day and Russell, who went  
to Paris as his representatives to con-  
duct the closing negotiations for the  
Panama canal property, to the effect  
that the deeds of the property,  
archives and all other papers and docu-  
ments which will belong to the United  
States under the transfer, have al-  
ready been turned over to them and  
that the purchase price of \$40,000,000  
has been advanced to the canal com-  
pany by a Paris syndicate of bankers.  
This syndicate, it is understood, offered  
to pay over the money, with a view  
to expediting the consummation of the  
sale on the assurance of the attorney  
general that the draft of the syndicate  
on the United States for \$40,000,000  
would be honored on presentation at  
the treasury at Washington.

At the time the money was paid  
over to the canal company in Paris,  
Major Mark Brooke of the engineer  
corps of the army, now in Colon, was  
authorized to formally receive the  
property on the Isthmus in the name  
of the United States. Whether this  
transfer has actually been made by  
the Republic of Panama the depart-  
ment of justice has not yet been ad-  
vised, but it is assumed it will be  
made within a day or two.

### NOMINATION OF W. D. CRUM.

Senate Fails to Confirm It in Execu-  
tive Session.

Washington, April 28.—The nomi-  
nation of William D. Crum to be col-  
lector of the port of Charleston, S. C.,  
was considered Wednesday in an ex-  
ecutive session of the senate lasting  
from 4:25 p. m. to 9:15. A failure to  
confirm the appointment resulted. At  
the conclusion of arguments by Sena-  
tors Gallinger, Spooner, Hale and Al-  
dridge for confirmation, and Senators  
Daniel, Latimer, Gorman and Clay  
against confirmation, Senator Cock-  
rell suggested the senate proceed to  
legislative business and the suggestion  
was adopted.

The Crum nomination dies with the  
adjournment of the present session;  
but the action of the Democrats in tak-  
ing a position which Republicans term  
"a filibuster," they agree will war-  
rant the president in again making a  
recess appointment.

### DELEGATES GO UNINSTRUCTED.

But New Hampshire Democrats Favor  
Judge Parker.

Concord, N. H., April 28.—Aside  
from the unexpected introduction of  
personalities in debate by one or two  
delegates, the Democratic state con-  
vention held here Wednesday to  
choose four delegates at large to the  
national convention passed without in-  
terruption. The exchange of person-  
alities began when Delegate Samuel  
B. Page of Haverhill questioned the  
purity of the politics of Delegate John  
T. Ames of Lancaster. Mr. Ames  
replied in kind and was promptly told  
that his statement was "a lie." Mr.  
Ames was quick with the declaration  
"you're another," but the affair ended  
there.

The platform adopted, which de-  
manded "tariff revision, control of the  
trusts, and a halt in the march toward  
imperialism," left the question of  
presidential nominees to the "wisdom  
of the delegates" of the national con-  
vention.

It is understood that the delegates  
favor Judge Parker of New York.

### THREE FIREMEN KILLED.

Crushed to Death Beneath Falling  
Walls at New York.

New York, April 28.—Three lives  
were lost and property valued at  
\$200,000 was destroyed by fire at the  
John Stanley Soap works here Wednes-  
day.

The dead, all of whom were firemen,  
were: Thomas Madigan, James Crean  
and Hugo Arigone.

Madigan and Crean were buried un-  
der tons of debris, when the walls of  
the building fell and it was many  
hours before their bodies were recov-  
ered. Arigone, who was caught in the  
same crash, was still alive when res-  
cued, but died at a hospital several  
hours later.

Many other firemen called out by the  
three alarms had narrow escapes, the  
cause of the danger being the many ex-  
plosions of chemicals used in the  
works. Besides the soap works the  
Dunbar and Campbell lumber yards  
were badly damaged.

### KNOX MAKES REPLY

TRANSMITS ANSWERS TO RESO-  
LUTIONS OF INQUIRY FROM  
MR. WILLIAMS.

Washington, April 28.—Attorney  
General Knox Wednesday transmitted  
to the house replies to the two resolu-  
tions of inquiry introduced by Mr.  
Williams (Miss.) relative to trusts.

First, replying to the question as to  
whether any criminal prosecutions  
had been begun by him against per-  
sons involved in the decision of the  
supreme court of the United States in  
the Northern Securities case as guilty  
of violating the laws by entering into  
combinations in restraint of trade, the  
attorney general says:

"I have the honor to say that no  
criminal prosecutions have been insti-  
tuted against the persons referred to  
in the resolutions, and that further  
than this I do not deem it compatible  
with the public interest to comply  
with the resolution."

The other resolution asks if any in-  
vestigation ever was made by the de-  
partment of the so-called anthracite  
coal trust, consisting of the anthracite  
coal carrying railroads.

### Began an Investigation.

In reply to this resolution the attor-  
ney general says the department of  
justice began an investigation during  
the great coal strike to ascertain if  
there was a coal trust and if it vi-  
olated the Sherman act. This investi-  
gation soon discovered that a combine  
did exist, but its existence was so  
adroitly concealed that the establish-  
ment of its existence would depend  
upon the ability of the government to  
obtain evidence from witnesses under  
oath, which the department of justice  
had no power to do.

The attorney general then says he  
brought the matter to the attention of  
the interstate commerce commission  
and suggested that it act to the extent  
of its authority in the matter. About  
this time, he says, a complaint was  
made before the commission on the  
subject, and he then reviews the lit-  
igation ending in the decision of the  
federal supreme court in favor of the  
powers of the commission to compel  
the production of the testimony.

"I am informed," he concludes, "the  
commission is about to renew the  
hearings, which, when completed, will  
lay before the department of justice,  
in connection with other evidence it  
has gathered itself and has been fur-  
nished to it by sundry persons, all the  
available information in relation to  
the alleged combination."

"Further than this I do not deem it  
compatible with the public interest to  
comply with the resolution."

### One Killed and the Other Injured.

Paoli, Ind., April 28.—Walter Brad-  
shaw of Hot Springs, Ark., was in-  
stantly killed and Joseph Murphy of  
Milwaukee was fatally injured Wednes-  
day by falling from a swinging scaf-  
fold, while working on a railroad  
trestle near this city.

## MR. BEAN'S PROMOTION

The Albuquerque Journal Speaks of the Former Brainerdite in Glowing Terms in a Recent Issue

The following regarding S. L. Bean's promotion on the Santa Fe will be of interest to that gentleman's many Brainerd friends:

"Yesterday notices were received and posted at the shops in this city announcing the appointment of Mr. S. L. Bean as mechanical superintendent, and Mr. Bean is receiving the congratulations of his many friends among the employees of the shops and in the city.

"The news has been rapid in spreading, and Mr. Bean also received a number of congratulatory messages by wire from out of town. He is a very competent man for the place, and that he will fill the position with honor to himself and credit to the company is an assured fact.

"He came to Santa Fe from the Northern Pacific last June and has filled the position of division master mechanic here in a highly satisfactory manner since. Mr. Bean served his apprenticeship in the Manchester, N. H., locomotive works, where he also graduated from the city schools. He worked in the locomotive works by the day and paid his tuition through a business college which he attended in the evening. He worked on the Northern Pacific for over twenty-three years, held the position of division master mechanic and when he came to Albuquerque resigned from the position of shop superintendent of the Brainerd, Minn., shops, one of the most important shop towns on the line. He is a man who has climbed the ladder by himself, is thoroughly practical and a general favorite among the men and officers of the Santa Fe company.

"He will of course take charge of his new position in a way at once, as the order went into effect from April 20th, but will not remove to Los Angeles for a few days and will leave his family here until he can secure quarters for them in the beautiful coast city where he will make his home in the future. He has known of the appointment for the past several days, as have a number of his friends and associates.

"There is but one regret that Albuquerque has in the appointment of Mr. Bean. It loses one of its best and most public spirited citizens. Mr. Bean has made many friends in the city since his arrival here and it is with sincere regret that the Journal notes his intended departure. He has advanced and while his friends are very sorry to leave him they are glad to see him go forward.

"His successor in the office of master mechanic has not been appointed yet but probably will be named within a few days.

"Mrs. Stratton sued for \$30,000. Stratton, who was employed by the Nichols Lumber company, was caught in a revolving shaft last summer and crushed to death. The company alleged contributory negligence, but the plaintiff succeeded in proving that the machinery was defective.

## Proposing in Holland.

In many of the provinces of Holland there is a marriage custom in vogue which is as curious as any to be found in a year's search through South Africa.

When a Dutch swain falls so deeply in love that he feels it imperative to breathe the story of his affections into the ears of his loved one, he starts out for her home, bearing in one hand a sweet seed cake wrapped in paper. Arrived at the family residence, he enters the living room, and without addressing the girl he places the cake upon a table near her. If she opens the paper and begins to eat, it is a sign that the love suit is acceptable to all.

But if the cake is left upon the table untouched then the lover must look somewhere else for a sweetheart. Sometimes the girl teases her lover by dallying with the cake before eating. In case she refuses him the whole affair is kept entirely secret, and no one outside the family is ever the wiser.

## Concerning Drowning.

It was stated recently by a gentleman well known in the world of navigation that accidents to swimmers are seldom due to cramp, but to apoplexy resulting from sudden cooling. The sinking three times is a curious error, as some persons swallow water and strangle on first immersion, sinking but once, while others may sink and rise fifty times. A man who has saved sixty-five lives has found that the drowning person cannot be stunned by a blow in the face, but that he can be handled by pressing the thumb under the ears and ducking his head until manageable, this being done from behind. The loss of presence of mind constitutes the greatest danger while persons are in the water.

MR. BEAN'S PROMOTION

The Albuquerque Journal Speaks of the Former Brainerdite in Glowing Terms in a Recent Issue

The following regarding S. L. Bean's promotion on the Santa Fe will be of interest to that gentleman's many Brainerd friends:

"Yesterday notices were received and posted at the shops in this city announcing the appointment of Mr. S. L. Bean as mechanical superintendent, and Mr. Bean is receiving the congratulations of his many friends among the employees of the shops and in the city.

"The news has been rapid in spreading, and Mr. Bean also received a number of congratulatory messages by wire from out of town. He is a very competent man for the place, and that he will fill the position with honor to himself and credit to the company is an assured fact.

"He came to Santa Fe from the Northern Pacific last June and has filled the position of division master mechanic here in a highly satisfactory manner since. Mr. Bean served his apprenticeship in the Manchester, N. H., locomotive works, where he also graduated from the city schools. He worked in the locomotive works by the day and paid his tuition through a business college which he attended in the evening. He worked on the Northern Pacific for over twenty-three years, held the position of division master mechanic and when he came to Albuquerque resigned from the position of shop superintendent of the Brainerd, Minn., shops, one of the most important shop towns on the line. He is a man who has climbed the ladder by himself, is thoroughly practical and a general favorite among the men and officers of the Santa Fe company.

"He will of course take charge of his new position in a way at once, as the order went into effect from April 20th, but will not remove to Los Angeles for a few days and will leave his family here until he can secure quarters for them in the beautiful coast city where he will make his home in the future. He has known of the appointment for the past several days, as have a number of his friends and associates.

"There is but one regret that Albuquerque has in the appointment of Mr. Bean. It loses one of its best and most public spirited citizens. Mr. Bean has made many friends in the city since his arrival here and it is with sincere regret that the Journal notes his intended departure. He has advanced and while his friends are very sorry to leave him they are glad to see him go forward.

"His successor in the office of master mechanic has not been appointed yet but probably will be named within a few days.

ACCOUNT OF HUSBAND'S DEATH

He was Employed at Nichols Lumber Co. Mills near Ballard, Wash., when Injured

The following news item taken from the Seattle, Wash., Star regarding the wife of a former Brainerd man will be of interest:

"Mrs. Gertrude Stratton and her infant son were awarded a verdict for \$20,000 against the Nichols Lumber company by a superior court jury last evening, as damages for the death of Willard Stratton, their husband and father, who was killed in an accident at the defendant's mill.

"Mrs. Stratton sued for \$30,000. Stratton, who was employed by the Nichols Lumber company, was caught in a revolving shaft last summer and crushed to death. The company alleged contributory negligence, but the plaintiff succeeded in proving that the machinery was defective.

"Mrs. Stratton was represented in the suit by Attorney John B. Hart. The case was heard by Judge Albertson."

Proposing in Holland.

In many of the provinces of Holland there is a marriage custom in vogue which is as curious as any to be found in a year's search through South Africa.

When a Dutch swain falls so deeply in love that he feels it imperative to breathe the story of his affections into the ears of his loved one, he starts out for her home, bearing in one hand a sweet seed cake wrapped in paper. Arrived at the family residence, he enters the living room, and without addressing the girl he places the cake upon a table near her. If she opens the paper and begins to eat, it is a sign that the love suit is acceptable to all.

But if the cake is left upon the table untouched then the lover must look somewhere else for a sweetheart. Sometimes the girl teases her lover by dallying with the cake before eating. In case she refuses him the whole affair is kept entirely secret, and no one outside the family is ever the wiser.

Concerning Drowning.

It was stated recently by a gentleman well known in the world of navigation that accidents to swimmers are seldom due to cramp, but to apoplexy resulting from sudden cooling. The sinking three times is a curious error, as some persons swallow water and strangle on first immersion, sinking but once, while others may sink and rise fifty times. A man who has saved sixty-five lives has found that the drowning person cannot be stunned by a blow in the face, but that he can be handled by pressing the thumb upon the ears and ducking his head until manageable, this being done from behind. The loss of presence of mind constitutes the greatest danger while persons are in the water.

A \$100,000 HOTEL MAY BE BUILT IN BRAINERD

R. R. Wise Said to Be Planning on a Proposition of this Nature

DEAL ON FOR HARTLEY BLOCK

And Mr. Wise is Said to Have Secured an Option on the Same.

Rumors at times are started by unscrupulous persons who have nothing else to do and when fanned by the average gossip spread rapidly, but the class of rumors which are based upon positive facts are oftentimes given out by the papers and they serve well the purpose for which a paper is placed in a community, to get the news red hot from the grid-dle.

There are well authenticated rumors going the rounds in Brainerd now, and the indications are that they will soon merge into authoritative facts from those most deeply interested. They are to the effect that R. R. Wise will soon commence the erection of a \$100,000 hotel on the corner of Front and Sixth streets on the site now occupied by the Wise building and the lots where stood the Hartley block which burned night before last.

LOOKINGGROUND OVER

F. E. Cowley, of the Little Falls Milling Company, In the City on Important Business This Afternoon

F. E. Cowley, of the Little Falls Milling company, accompanied by E. S. Stanton, his head miller, arrived in the city from the south this afternoon. This company is the one which is interested in the Brainerd Flour & Feed company and is stated on good authority that they are planning on erecting a large feed mill next to their warehouse on Front street. The gentlemen are looking the ground over this afternoon and they will decide definitely on the matter in a few days.

Celebrated Alaska refrigerators for sale at D. M. Clark & Co.

It has been known for some time that such a project has been talked of, but nothing definite has been given out by Mr. Wise himself. In fact, he is in St. Paul now and is understood that his business has to do with such a proposition.

Coupled with the fact that there has been considerable talk regarding a hotel where the Wise building now stands, is the statement from a reliable party that Mr. Wise had an option on the Hartley block before it burned and the purchase price is said to have been \$14,000. The gentleman who gave the information states that it was his belief that the fire would make no difference with this deal; that it will be made anyway and that the insurance money on the build- will go to Mr. Wise anyway. This would be considered a good deal for the gentleman, as he would be paying but \$6,000 for three lots that are worth at least \$15,000 of any man's money.

The location for a hotel is an ideal one and the erection of a substantial building would be a great addition to the city. It is said that the plans are for a hotel something on the plan of the Waldorf at Fargo, a three story brick block, modern and in every respect up to date.

THE DISPATCH reporter tried to see Mr. Wise today but he is in St. Paul. T. E. Ruthorford was seen but he had nothing to give out on the matter.

MURDER IN FIRST DEGREE

The jury in the Chouard murder case returned a verdict this morning at Walker at 7 o'clock, after being out since yesterday noon. It was murder in the first degree and unless the court files his opinion of record that there are exceptional circumstances, the former Brainerdite will hang.

Just before proceeding with the trial the defendant was given a chance to plead guilty or murder in the second degree, and was advised to do so by his counsel, Attorney Larson of this city, but he refused, stating that he would sooner hang first.

Chouard will be sentenced tomorrow.

Good School Attendance.

During the past ten weeks there has been a highly creditable attendance in many schools in the city. For each of the last four months in the year, the superintendent offered to the school having the best attendance a suitable picture, framed ready to hang on the wall. A picture once won is to remain permanently in the school entitled to it.

The following were offered: For February, Longfellow; March, a water scene etching; April, McKinley; May, Beethoven.

The fine picture of Longfellow was won by the primary room in the Harrison building, Miss Lulu D. Neihardt, teacher.

The very handsome etching of Ellen's Isle was won by the second grade in the Harrison building, Miss Mary E. Thomas, teacher.

The percentage attained by the baby class in Miss Neihardt's room was 98.4 and that by the second grade in Miss Thomas' room was nearly 99. The teachers and pupils in these rooms are certainly to be congratulated upon the distinction of having the best attendance in the city. It is interesting to know that more than twenty schools were only one or two per cent below the winners. The pictures are from the Board Art company of Minneapolis.

See Nettleton for homes and loans.

Common Sense.

Methods are always best. Intelligent people, realizing that neglected colds and coughs are dangerous and often fatal, begin treatment early. Greene's Cough Cure is a remedy of the first class—always safe, sure and reliable. Croup, grippe, pneumonia and lung troubles quickly melt before this medicine. Best for children. We recommend and sell it. H. P. Dunn & Co.

THIS OUGHT TO CONVINCE

H. P. Dunn & Co. Will Pay for Hyomei Themselves When It Fails to Cure Catarrh.

"If I only knew it to be true, I would not hesitate a moment." This is a thought the average person has when reading the claims of some of the medicines that are advertised as cures for catarrh.

The results from the use of Hyomei are so remarkable in the cure of catarrh, that they seem beyond belief. The fact, though, that H. P. Dunn & Co. one of the best known druggists in this section, have so much confidence in the power of Hyomei to cure catarrh that they sell it under their personal guarantee to refund the money if the purchasers can say it did not help them, ought to convince the most skeptical that Hyomei can be relied upon to cure all catarrhal troubles, no matter how serious or deep-seated.

The complete Hyomei outfit, consists of a neat inhaler that can be carried in the purse or pocket, a medicine dropper, and a bottle of Hyomei, costs only one dollar. Additional bottles of Hyomei can be procured for fifty cents, making it the most economical of treatments.

Catarrhal colds, which are so common at this season of the year, have been cured in a day. Mild cases of catarrh that have become chronic are frequently cured in a week or ten days. Now is the time to bring the use of Hyomei, remembering that H. P. Dunn & Co. sell every package on a positive guarantee to refund the money if it fails to cure.

ANIMPROVEMENT IN SLEEPER BLOCK

J. F. McGinnis to Have Larger Floor Space for His Large Department Store

LARGE ADDITION TO BE ERECTED

Which will Make two Store Rooms 50 by 130 Feet, Entirely Renovated

J. F. McGinnis is ever alert to make all the improvements necessary to carry on his big business, and the latest plan which has been decided upon is the enlargement of his two store rooms in which his department store is located in the Sleeper building.

In a short time work will commence on the erection of an addition to the Sleeper block in the rear extending the present store rooms occupied by Mr. McGinnis back to the alley, so that he will have two stores, each 50 by 130 feet, giving him thirty additional feet at the rear of each store. The rooms will also be provided with steel ceilings and will be entirely renovated, repainted overhauled. These will make the handsomest stores in the city when the work is completed and Mr. McGinnis is to be congratulated.

In this connection the space now occupied by Mr. McGinnis upstairs will be turned over to J. L. Smith, manager of the Sleeper block, and he will in all probability divert them to other use, perhaps office rooms.

MUSIC AND DRAMA.

THE BEGGAR PRINCE OPERA COMPANY.

The Beggar Prince Opera company delighted another large audience at the Brainerd opera house last night in "Olivette." The company has made a strong impression on the theatre-going public of Brainerd and while the opera last night did not contain the scope that the other operas thus far given contain, there are some very pretty scores in it and they were sung well. Miss Irene Palmer, as "Olivette," was at her best last night and the song she sings to her father as she coyly makes love to her lover, who is imitating Captain Merrimac, was one of the best heard thus far in the repertoire. Chas. E. Huntington was given an opportunity to branch out a little last night and as Duke Des Iffs he made a decided hit. Stanley Felsh was at his best as "Coquelicot" and was execrably funny. The performance was in every way satisfactory and the different members of the cast acquitted themselves most creditably.

Tonight the company will appear in that brightest and funniest of all comic operas, "La Mascot." The indications are for a very large house.

UNCLE TOM'S CABIN.

Stetson's "Uncle Tom's Cabin" is the title of a really big company, which, under the personal management of Mr. Leon Washburn, whose name has been long and favorably associated with the up-to-date amusements, is to appear at the Brainerd opera house next Tuesday May 3. The company comprises nearly fifty people, including a dozen specialty artists, two quartets, a superb orchestra, and many colored comedians, who add to the big production not a little by their spontaneous wit and clever singing and dancing. Watch for the big parade.

# A \$100,000 HOTEL MAY BE BUILT IN BRAINERD

R. R. Wise Said to Be Planning  
on a Proposition of this  
Nature

DEAL ON FOR HARTLEY BLOCK

And Mr. Wise is Said to Have  
Secured an Option on  
the Same.

Rumors at times are started by unscrupulous persons who have nothing else to do and when fanned by the average gossip spread rapidly, but the class of rumors which are based upon positive facts are oftentimes given out by the papers and they serve well the purpose for which a paper is placed in a community, to get the news red hot from the grid-dle.

There are well authenticated rumors going the rounds in Brainerd now, and the indications are that they will soon merge into authoritative facts from those most deeply interested. They are to the effect that R. R. Wise will soon commence the erection of a \$100,000 hotel on the corner of Front and Sixth streets on the site now occupied by the Wise building and the lots where stood the Hartley block which burned night before last.

## LOOKINGGROUND OVER

F. E. Cowley, of the Little Falls Milling Company, In the City on Important Business This Afternoon

F. E. Cowley, of the Little Falls Milling company, accompanied by E. S. Stanton, his head miller, arrived in the city from the south this afternoon. This company is the one which is interested in the Brainerd Flour & Feed company and is stated on good authority that they are planning on erecting a large feed mill next to their warehouse on Front street. The gentlemen are looking the ground over this afternoon and they will decide definitely on the matter in a few days.

### Notice.

Celebrated Alaska refrigerators for sale at D. M. Clark & Co.

It has been known for some time that such a project has been talked of, but nothing definite has been given out by Mr. Wise himself. In fact, he is in St. Paul now and is understood that his business has to do with such a proposition.

Coupled with the fact that there has been considerable talk regarding a hotel where the Wise building now stands, is the statement from a reliable party that Mr. Wise had an option on the Hartley block before it burned and the purchase price is said to have been \$14,000. The gentleman who gave the information states that it was his belief that the fire would make no difference with this deal; that it will be made anyway and that the insurance money on the build will go to Mr. Wise anyway. This would be considered a good deal for the gentleman, as he would be paying but \$6,000 for three lots that are worth at least \$15,000 of any man's money.

The location for a hotel is an ideal one and the erection of a substantial building would be a great addition to the city. It is said that the plans are for a hotel something on the plan of the Waldorf at Fargo, a three story brick block, modern and in every respect up to-date.

THE DISPATCH reporter tried to see Mr. Wise today but he is in St. Paul. T. E. Ruthorford was seen but he had nothing to give out on the matter.

# MURDER IN FIRST DEGREE

The jury in the Chouard murder case returned a verdict this morning at Walker at 7 o'clock, after being out since yesterday noon. It was murder in the first degree and unless the court files his opinion of record that there are exceptional circumstances, the former Brainerdite will hang.

Just before proceeding with the trial the defendant was given a chance to plead guilty or murder in the second degree, and was advised to do so by his counsel, Attorney Larson of this city, but he refused, stating that he would sooner hang first.

Chouard will be sentenced tomorrow.

## Good School Attendance.

During the past ten weeks there has been a highly creditable attendance in many schools in the city. For each of the last four months in the year, the superintendent offered to the school having the best attendance a suitable picture, framed ready to hang on the wall. A picture once won is to remain permanently in the school entitled to it.

The following were offered: For February, Longfellow; March, a water scene etching; April, McKinley; May, Beethoven.

The fine picture of Longfellow was won by the primary room in the Harrison building, Miss Lulu D. Neihardt, teacher.

The very handsome etching of Ellen's Isle was won by the second grade in the Harrison building, Miss Mary E. Thomas, teacher.

The percentage attained by the baby class in Miss Neihardt's room was 98.4 and that by the second grade in Miss Thomas' room was nearly 99. The teachers and pupils in these rooms are certainly to be congratulated upon the distinction of having the best attendance in the city. Is it interesting to know that more than twenty schools were only one or two per cent below the winners. The pictures are from the Beard Art company of Minneapolis.

## Common Sense.

Methods are always best. Intelligent people, realizing that neglected colds and coughs are dangerous and often fatal, begin treatment early. Greene's Cough Cure is a remedy of the first class—always safe, sure and reliable. Croup, grippe, pneumonia and lung troubles quickly melt before this medicine. Best for children. We recommend and sell it. H. P. Dunn & Co.

## THIS OUGHT TO CONVINCE

H. P. Dunn & Co. Will Pay for Hyomei Themselves When It Fails to Cure Catarrh.

"If I only knew it to be true, I would not hesitate a moment." This is a thought the average person has when reading the claims of some of the medicines that are advertised as cures for catarrh.

The results from the use of Hyomei are so remarkable in the cure of catarrh, that they seem beyond belief. The fact, though, that H. P. Dunn & Co. one of the best known druggists in this section, have so much confidence in the power of Hyomei to cure catarrh that they sell it under their personal guarantee to refund the money if the purchasers can say it did not help them, ought to convince the most skeptical that Hyomei can be relied upon to cure all catarrhal troubles, no matter how serious or deep-seated.

The complete Hyomei outfit, consists of a neat inhaler that can be carried in the purse or pocket, a medicine dropper, and a bottle of Hyomei, costs only one dollar. Additional bottles of Hyomei can be procured for fifty cents, making it the most economical of treatments.

Catarrhal colds, which are so common at this season of the year, have been cured in a day. Mild cases of catarrh that have become chronic are frequently cured in a week or ten days. Now is the time to bring the use of Hyomei, remembering that H. P. Dunn & Co. sell every package on a positive guarantee to refund the money if it fails to cure.

# AN IMPROVEMENT IN SLEEPER BLOCK

J. F. McGinnis to Have Larger Floor Space for His Large Department Store

LARGE ADDITION TO BE ERECTED

Which will Make two Store Rooms 50 by 130 Feet, Entirely Renovated

J. F. McGinnis is ever alert to make all the improvements necessary to carry on his big business, and the latest plan which has been decided upon is the enlargement of his two store rooms in which his department store is located in the Sleeper building.

In a short time work will commence on the erection of an addition to the Sleeper block in the rear extending the present store rooms occupied by Mr. McGinnis back to the alley, so that he will have two stores, each 50 by 130 feet, giving him thirty additional feet at the rear of each store. The rooms will also be provided with steel ceilings and will be entirely renovated, repainted overhauled. These will make the handsomest stores in the city when the work is completed and Mr. McGinnis is to be congratulated.

In this connection the space now occupied by Mr. McGinnis upstairs will be turned over to J. L. Smith, manager of the Sleeper block, and he will in all probability divert them to other use, perhaps office rooms.

## MUSIC AND DRAMA.

THE BEGGAR PRINCE OPERA COMPANY.

The Beggar Prince Opera company delighted another large audience at the Brainerd opera house last night in "Olivette." The company has made a strong impression on the theatre-going public of Brainerd and while the opera last night did not contain the scope that the other operas thus far given contain, there are some very pretty scores in it and they were sung well. Miss Irene Palmer, as "Olivette," was at her best last night and the song she sings to her father as she coyly makes love to her lover, who is imitating Captain Merrimac, was one of the best heard thus far in the repertoire. Chas. E. Huntington was given an opportunity to branch out a little last night and as Duke Des Its he made a decided hit. Stanley Felsh was at his best as "Coquelicot" and was excruciatingly funny. The performance was in every way satisfactory and the different members of the cast acquitted themselves most creditably.

Tonight the company will appear in that brightest and funniest of all comic operas, "La Mascot." The indications are for a very large house.

UNCLE TOM'S CABIN.

Stetson's "Uncle Tom's Cabin" is the title of a really big company, which, under the personal management of Mr. Leon Washburn, whose name has been long and favorably associated with the up-to-date amusements, is to appear at the Brainerd opera house next Tuesday May 3. The company comprises nearly fifty people, including a dozen specialty artists, two quartets, a superb orchestra, and many colored comedians, who add to the big production not a little by their spontaneous wit and clever singing and dancing. Watch for the big parade.

## AFTER A LONG BATTLE.

Police of Oakland, Cal., Kill a Desperate Negro.

Oakland, Cal., April 28.—After a fierce battle between the police and Wilson Anderson, a negro, lasting ten hours, Anderson was shot and killed Wednesday. Anderson had driven a white woman and a colored porter from the house at Fourth and Broadway, where he lived, at the point of a pistol and when Policemen Sherry and Ford attempted to arrest the negro he barricaded the doors and windows and fired at everyone who appeared.

About twenty police officers surrounded the house and a running battle was kept up over 100 shots being fired by the police. Finally, Officer Sherry stole up to a window and fired, wounding the negro. From another direction Sergeant Clark fired into the room. The negro fell to the floor and the officers rushed into the house and captured him. There were nine bullets in his body.

## GROSSCUP TALKS TO IOWANS.

Discourses on Liberty and Corporations at Des Moines.

Des Moines, Ia., April 28.—Before an audience composed of the representative men of the state of Iowa, United States Circuit Court Judge Peter S. Grosscup delivered an address last night before the Grant club on "Liberty and Corporations." The occasion was the celebration of Grant's birthday anniversary, which has come by custom to be the big Iowa oratorical sweepstakes. Hon. Frederick C. Windley of Milwaukee and Nathan E. Kendall of Albia were the other speakers.

An elaborate banquet preceded the addresses. Judge Grosscup's central thought was that corporations should be nationalized so as to admit citizens to ownership.

## TOWN HAS A NARROW ESCAPE.

Sioux City, Ia., April 28.—The little town of Mount Vernon, twelve miles west of Mitchell, S. D., had a narrow escape from being destroyed by fire Wednesday. A warehouse first caught fire and was burned to the ground. The flames spread to four large elevators and were burned to the ground. The fire department was called upon for assistance. About 200 citizens responded on a special train furnished by the Milwaukee railway and through their efforts many buildings were saved. The loss will probably reach \$50,000.

Infantile Development.  
It is wonderful enough that infants of a few weeks or months should make unmistakable manifestations of the simpler emotions of fear, affection and anger, but that an emotion so complex as jealousy should appear so early as at the age of ten months is especially remarkable and indicates a degree of development at this age which in the absence of observation might justly be deemed incredible. Darwin observed jealousy in an infant of fifteen and one-half months, but adds, "It would probably be exhibited by infants at an earlier age if they were tried in a fitting manner."

**AFTER A LONG BATTLE.**

Police of Oakland, Cal., Kill a Desperate Negro.

Oakland, Cal., April 28.—After a fierce battle between the police and Wilson Anderson, a negro, lasting ten hours, Anderson was shot and killed Wednesday. Anderson had driven a white woman and a colored porter from the house at Fourth and Broadway, where he lived, at the point of a pistol and when Policemen Sherry and Ford attempted to arrest the negro he barricaded the doors and windows and fired at everyone who appeared.

About twenty police officers surrounded the house and a running battle was kept up over 100 shots being fired by the police. Finally, Officer Sherry stole up to a window and fired, wounding the negro. From another direction Sergeant Clark fired into the room. The negro fell to the floor and the officers rushed into the house and captured him. There were nine bullets in his body.

## WARMLY APPLAUDED

MESSRS. WILLIAMS AND LITTLEFIELD DELIVER SPEECHES IN THE HOUSE.

## BEST OF HUMOR PREVAILS

LITTLEFIELD DEFENDS TARIFF AND WILLIAMS RIDICULES STAND PAT POLICY.

Washington, April 28.—In the presence of crowded galleries and of almost a full membership, Messrs. Littlefield of Maine and Williams of Mississippi, in the house Wednesday, made speeches intended for the coming presidential campaign. The two speakers were wildly applauded by their respective sides, but there was an absence of personalities such as characterized the clash between Messrs. Dalzell and Cockran. Indeed, the best of humor prevailed.

Mr. Littlefield continually taunted the Democrats with the utterances of Mr. Cockran and by name called on several prominent members of that party in the house to answer "yes" or "no" whether they approved Mr. Cockran's tariff views, and whether they intended going before the people on the issue of free trade. He defended the protective tariff system from every point of view.

Mr. Williams, adopting the tactics of Mr. Littlefield, endeavored to force from the Republicans and from Mr. Littlefield in particular, categorical answers to several questions which he deemed pertinent. Mr. Littlefield answered "yes" when asked if he approved of everything in the McKinley administration, which enabled Mr. Williams to remind him that he (Littlefield) and Mr. Williams had stood together in opposition to colonialism. Mr. Williams asserted that the Republicans were going before the people "on the issue borrowed from the gamblers' table of standing pat."

**Will Be No Investigation.**

During the morning session Speaker Cannon announced his ruling on the point of order made by Mr. Grosvernor against the consideration of the resolution offered Mr. Cockran which he claimed to be privileged, to investigate the charge that he had accepted money for his participation in support of the election of McKinley in 1896. In an elaborate opinion the speaker said he was warranted in holding that the resolution could not be entertained as a matter of privilege. An appeal from the ruling by Mr. Williams was voted down by a strict party vote.

The house reconvened at 9 o'clock and adopted the conference report on the emergency river and harbor bill. A bill was passed granting to the state of Minnesota certain lands for forestry purposes.

The ship bill again was taken up and passed without amendment.

The usual scenes incident to approaching adjournment were enacted. Many Republicans retired to the cloak room and sang patriotic songs. Peals of laughter which followed each song were heard in the house, but business proceeded as usual. Several solos were sung and all loudly applauded.

The house at 1 a. m. took a recess until 10:30 o'clock a. m.

**COMMITTEE REPORTS.**

Senate Devotes a Day to Their Consideration.

Washington, April 28.—The attention of the senate was devoted Wednesday to a consideration of reports of conference committees, set speeches, passage of bills to which there was little or no objection, and an executive session. Final conference reports on the sundry civil, general deficiency, postoffice and the military academy appropriation bills were agreed to, practically without any opposition. Speeches were made by Mr. Cullom, on the conduct of foreign affairs by Presidents McKinley and Roosevelt; by Mr. Teller, on the public land question, and by Mr. McLaughlin, on the old age pension order and trusts. A resolution authorizing the continuation during the recess of the inquiry into the right of Mr. Smoot to his seat in the senate was favorably considered during the day.

**SHE VOTED FOR REED SMOOT.**

So a Utah Club Woman Will Not Be Allowed to Speak in St. Louis.

Salt Lake, April 28.—Mrs. Margy G. Coulter of Ogden, a prominent club woman, will not be allowed to make an address at the biennial convention of the National Federation of Women's clubs at St. Louis, on May 31, it is believed, because she voted for Smoot, while a member of the last legislature.

Owing to objection of the club women of Utah, based on Mrs. Coulter's support of Smoot, requests that Mrs. Coulter be invited to speak have been refused. Mrs. Coulter is a Gentle.

**STRIKE MAY BE SETTLED.**

Steel Corporation Miners at Ely, Minn., May Return to Work.

Duluth, April 28.—Reports from Ely, Minn., indicate that at a meeting today of the citizens' committee, which conferred with the steel corporation officials relative to settling the strike which has been on at the Pioneer and Chandler mines, an adjustment will be reached and the men will return to work. Between 500 and 600 men struck because they objected to work under Superintendent Charles Trezona, claiming he was too harsh and brutal in his treatment.

**Russian Police Killed.**

Warsaw, April 28.—While several police officers were attempting to enter a house in the Dvorky thoroughfare they were attacked by a band of men armed with revolvers and knives. Two officers were killed and two others were wounded.

## GROSSCUP TALKS TO IOWANS.

Discourses on Liberty and Corporations at Des Moines.

Des Moines, Ia., April 28.—Before an audience composed of the representative men of the state of Iowa, United States Circuit Court Judge Peter S. Grosscup delivered an address last night before the Grant club on "Liberty and Corporations." The occasion was the celebration of Grant's birthday anniversary, which has come by custom to be the big Iowa oratorical sweepstakes. Hon. Frederick C. Windley of Milwaukee and Nathan E. Kendall of Albia were the other speakers.

An elaborate banquet preceded the address. Judge Grosscup's central thought was that corporations should be nationalized so as to admit citizens to ownership.

## TOWN HAS A NARROW ESCAPE.

Mount Vernon, S. D., in Danger of Destruction by Fire.

Sioux City, Ia., April 28.—The little town of Mount Vernon, twelve miles west of Mitchell, S. D., had a narrow escape from being destroyed by fire Wednesday. A warehouse first caught fire and was burned to the ground. The flames spread to four large elevators and all were burned. Embers were carried to the business district and dwelling houses and the Mitchell fire department was called upon for assistance. About 200 citizens responded on a special train furnished by the Milwaukee railway and through their efforts many buildings were saved. The loss will probably reach \$50,000.

## APPLICATION IS DENIED.

Vice Chancellor Bergen Refuses to Enjoin Securities Company.

Newark, N. J., April 28.—Vice Chancellor Bergen Monday denied the application of the Continental Trust company for an injunction restraining the Northern Securities company from distributing its assets in accordance with the plan formulated by order of the directors within a week after the United States court rendered its decision rendering the formation of the corporation unconstitutional.

This is the so-called Venner suit, and has no connection with the pending suit in the United States circuit court in which Winslow S. Pierce and E. H. Harriman are complainants.
